ANDROID APP ON
Google play

Whether it's water, electricity or gas, Mappt™ will power your data collection with its simple yet smart tools

GEOTAGGED PHOTOS
Pin images of infield observations onto your map for asset inspections

DROP DOWN FORMS
Select standard nomenclature for describing asset conditions instead of repetitive typing

WMS/WFS
Stream data directly from corporate databases for immediate asset details

IMPORTING & EXPORTING
Once back online, quickly and easily upload urgent issues to the field maintenance team

GEOFENCING
Identify hazardous areas and use geofences to mark them out to ensure staff stay safe

THEMATIC MAPPING
Classify assets according to attributes such as age, condition and priority

With Mappt™ there is no vendor lock in, so it works with all major GIS applications

TESTIMONIAL

"Mappt is a great application for gathering geospatial data. It's extremely user friendly and we received helpful and prompt assistance with any questions we had. I have trialled half a dozen other promising programs, and this was definitely a standout from the crowd."
