Mappt™
Mapping Better

ANDROID APP ON
Google play

Keep your community safe and empower your plan of attack with our mobile GIS
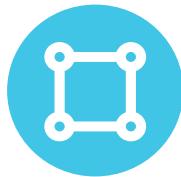

GEOFENCING
Stay away from dangerous areas with geofences that alert you if you breach a boundary

GPS TRACKING
Mappt™ offline GPS is essential for tracking your steps and finding your way back to base

COMPACT & EASY
Light, mobile and offline, Mappt™ can be at your side anywhere you go

POINTS, LINES & POLYGONS
Highlight safe zones or areas of risk, then customise them by colour, line and fill style

COORDINATE SEARCHING
Mappt™'s advanced map caching finds coordinates offline to help you find specific spots

GEOTAGGED PHOTOS
Pin photos of hazards or important findings onto your map

With Mappt™ there is no vendor lock in, so it works with all major desktop GIS software

TESTIMONIAL

"If there were an emergency situation and someone has Mappt, it's a lot easier for them to get to where you are. The air photos mean they get an idea of what route to take, so Mappt makes things more efficient."

Andrew Margereson, CSA Global
